

# MFS International Intrinsic Value R3 (MINGX)

### Fund Objective

The investment seeks capital appreciation. The fund normally invests its assets primarily in foreign equity securities, including emerging market equity securities. Equity securities include common stocks and other securities that represent an ownership interest (or right to acquire an ownership interest) in a company or other issuer. The advisor focuses on investing the fund's assets in the stocks of companies that the advisor believes are undervalued compared to their intrinsic value.

Performance data quoted represents past performance. Past performance does not guarantee future results. Investment return and principal value will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Current performance may be lower or higher than the performance quoted. To obtain current month-end performance information, please contact your plan advisor.
